Project Design Phase-II
Data Flow Diagram & User Stories

Date	12 October 2022
Team ID	PNT2022TMID25041
Project Name	Project – Medicine Remainder
Maximum Marks	4 Marks

Data Flow Diagrams:

DFD Level 0 (Industry Standard)
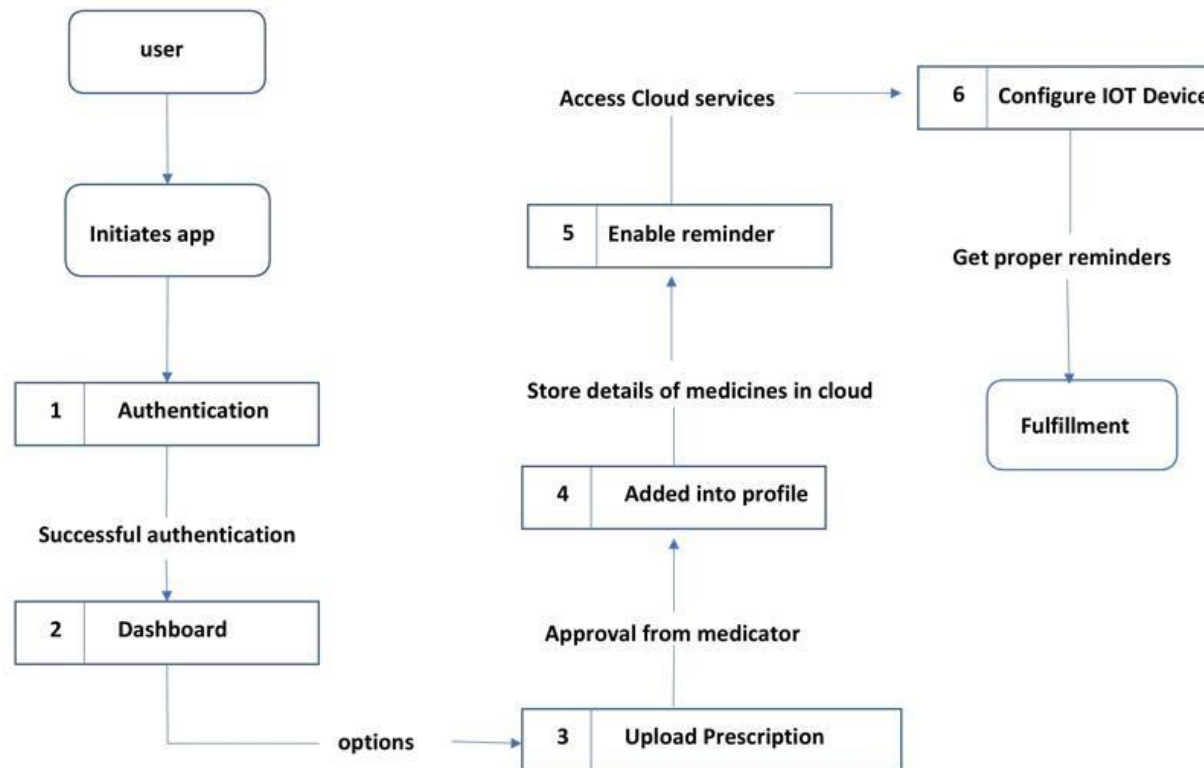

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (App user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can register myself my to use the application	High	Sprint-1
